Phone: 262-859-2822 www.somers.org

The Somers Water Utility has established an incentive program to encourage residential property owners to replace an inefficient shower head with new high-efficiency WaterSense one. A rebate of $20 will be offered to individuals who can provide proof of replacing their old fixtures.

Commercial and industrial building owners could receive a $100 rebate if they provide proof of replacing older, inefficient toilets with WaterSense commercial valve-type ultra-low-flush toilet.

Look for the WaterSense label or follow this link for eligible products: *lookforwatersense.epa.gov/products/*

Eligibility Requirements

- Shower head rebates are limited to one per year and are for single family homes, condos or multi-family dwellings no larger than four units.
- Commercial toilet rebates are limited to one per year.
- Rebates are available on a first-come, first-served basis until funds are exhausted.
- Rebates are for customers of Somers Water Utility only.
- New construction buildings are not eligible.
- New toilet/shower head must be listed on EPA's WaterSense model list.
- Applicant must be the owner of the property listed on the rebate application.
- Owners who occupy the dwelling full-time may either use a licensed plumber to install the fixture or do it themselves.
- An original or copy of the sales receipt (dated on or after August 2024) listing the make and model number of the fixture must accompany the rebate application.
- A picture showing proof of installation is required to be attached to the application to receive the rebate. If installed by a licensed plumber, no picture is needed if the address is on invoice/receipt. A copy of the invoice must be submitted with the application
- Applicant agrees that Somers Water Utility or its representatives reserve the right to inspect the installation of the fixture before or after the rebate check is mailed out.
- Only new fixtures are eligible for the rebate.

Full rebate application and materials need to be mailed to:
