**VILLAGE OF SOMERS
STORM WATER UTILITY
MEETING ITEM MEMORANDUM**

MEETING DATE: Feb. 10, 2026

TO: Chairman and Storm Water Commissioners

AGENDA ITEM: #6 Action on Final Payment Request by C.W. Purpero for the Neumiller Woods Phase II Stormwater Utility Projects in the amount of 42,007.00.

BACKGROUND:

Gitzlaff Park is a 24-acre parcel that was donated to the Village of Somers by Larry Gitzlaff in 2007. Root-Pike Win and the Village have worked together over the past few years to restore the North half of Gitzlaff Park. Phase I of the project was completed by Root Pike Win securing a \$125,000 grant from the Fund for Lake Michigan and U.S. Fish and Wildlife Service for the project's design and construction. No Village funds were used for design, construction, or short-term maintenance of Phase I. The project included the removal of invasive species, wetland scrapes and plantings. The improvements will serve to reduce flooding, curb erosion, increase water quality, diversify vegetation, and boost pollinators along the Somers Branch.

In 2021, the Village approved Resolution 2021-026 for Root Pike Win securing an implementation grant for Phase II at Gitzlaff Park. Phase II was originally allocated in our approved 2022 Budget. The Board also passed Resolution 2022-014 that stated that the Village would continue to work with Root, Pike Win to complete Phase II of both the Gitzlaff project and Neumiller Woods project.

Since 2021 Root Pike Win has been working as the Village's agent to complete Phase II of both projects. The Board has set aside money in the stormwater CIP for both projects. In 2025 CIP, \$40,000 was set aside for Neumiller phase II and \$31,711 for Gitzlaff Phase II. The \$31,711 is carry over from the \$50,000 that was set aside in past CIP budgets.

In January the projects were noticed for bid and were opened on February 3rd, 2025. The low responsible bidder was C.W. Purpero out of Oak Creek, Wisconsin at \$196,886.

Root Pike Win has provided a summary of the funding for the projects.

The work at Gitzlaff Park was completed in early July of 2025, Neumiller was completed in the Fall.

This project was made possible by cost savings from combining the Neumiller and Gitzlaff projects together. It has been on the CIP for a few years. It is funded through Grants administered by Root Pike WIN. The Villages pays the contractor and is reimbursed through the grants.

SUGGESTED ACTION/ACTION REQUESTED/COMMENTS:

In the event that the Stormwater Utility Commission agrees with the suggested action, a suggested motion to approve would be as follows:

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, ESA, U. S. Department of Labor, Room S3502, 200 Constitution Avenue, N. W., Washington, D. C. 20210.

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. MEETING ITEM MEMORANDUM**

MEETING DATE: Feb. 10, 2026

TO: Chairman and Storm Water Commissioners

AGENDA ITEM: #6 Action on Final Payment Request by C.W. Purpero for the Neumiller Woods Phase II Stormwater Utility Projects in the amount of 42,007.00.

BACKGROUND:

Gitzlaff Park is a 24-acre parcel that was donated to the Village of Somers by Larry Gitzlaff in 2007. Root-Pike Win and the Village have worked together over the past few years to restore the North half of Gitzlaff Park. Phase I of the project was completed by Root Pike Win securing a \$125,000 grant from the Fund for Lake Michigan and U.S. Fish and Wildlife Service for the project's design and construction. No Village funds were used for design, construction, or short-term maintenance of Phase I. The project included the removal of invasive species, wetland scrapes and plantings. The improvements will serve to reduce flooding, curb erosion, increase water quality, diversify vegetation, and boost pollinators along the Somers Branch.

In 2021, the Village approved Resolution 2021-026 for Root Pike Win securing an implementation grant for Phase II at Gitzlaff Park. Phase II was originally allocated in our approved 2022 Budget. The Board also passed Resolution 2022-014 that stated that the Village would continue to work with Root, Pike Win to complete Phase II of both the Gitzlaff project and Neumiller Woods project.

Since 2021 Root Pike Win has been working as the Village's agent to complete Phase II of both projects. The Board has set aside money in the stormwater CIP for both projects. In 2025 CIP, \$40,000 was set aside for Neumiller phase II and \$31,711 for Gitzlaff Phase II. The \$31,711 is carry over from the \$50,000 that was set aside in past CIP budgets.

In January the projects were noticed for bid and were opened on February 3rd, 2025. The low responsible bidder was C.W. Purpero out of Oak Creek, Wisconsin at \$196,886.

Root Pike Win has provided a summary of the funding for the projects.

The work at Gitzlaff Park was completed in early July of 2025, Neumiller was completed in the Fall.

This project was made possible by cost savings from combining the Neumiller and Gitzlaff projects together. It has been on the CIP for a few years. It is funded through Grants administered by Root Pike WIN. The Villages pays the contractor and is reimbursed through the grants.

SUGGESTED ACTION/ACTION REQUESTED/COMMENTS:

In the event that the Stormwater Utility Commission agrees with the suggested action, a suggested motion to approve would be as follows:

“Motion to approve payment from C.W. Purpero for the Gitzlaff Phase II Stormwater Utility Project in the amount of 42,007.00.”

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. S. Department of Labor, Room S3502, 200 Constitution Avenue, N. W., Washington, D. C. 20210.

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.
