ORDINANCE NO. 24-26

BY: THE MAYOR

Attaching to the City of Kenosha, Wisconsin, territory in the Town of Somers, Kenosha County, Wisconsin, and providing zoning district classifications under Section 66.0307, Wisconsin Statutes, City of Kenosha/Town of Somers State Approved Cooperative Plan:

The Common Council of the City of Kenosha, Wisconsin, does ordain as follows:

Section One: Territory Attached. In accordance with City of Kenosha/Town of Somers Cooperative Plan under Section 66.0307 of the Wisconsin Statutes, approved by the Wisconsin Department of Administration, Intergovernmental Relations, Municipal Boundary Review, on August 8, 2005, and the First Amendment to the City of Kenosha/Town of Somers Cooperative Plan under Section 66.0307 of the Wisconsin Statutes, approved by the Wisconsin Department of Administration, Intergovernmental Relations, Municipal Boundary Review, on September 15, 2015, the territory consisting of the above referenced parcel numbers in the Town of Somers, Kenosha County, Wisconsin, with an associated population of two (2), legally described and shown on attached Exhibit "A", is hereby attached to the City of Kenosha, Wisconsin, as hereinafter provided.

Section Two: Effect of Attachment. From and after the effective date of this Ordinance, the territory described in Section One shall be a part of the City of Kenosha for any and all purposes provided by law, and all persons coming or residing within such territory shall be subject to all Ordinances, rules and regulations governing the City of Kenosha.

Section Three: Zoning District Classifications. The territory described in Section One,

upon attachment, shall have the zoning district classification shown on Exhibit "B". This zoning district classification shall be and remain in effect for the parcels of land described therein until this Zoning District Classification Ordinance is amended as prescribed in Section 62.23(7)(d), Wisconsin Statutes.

Section Four: Connection To City Utilities. The territory described in Section One shall, by submission of the Attachment Petition, require connection of existing and any future habitable buildings to municipal water and sewer, within the time limits established by Chapter 32 of the Code of General Ordinances for the City of Kenosha, Wisconsin.

Section Five: Severability. If any provision of this Ordinance is invalid or unconstitutional, or if the application of this Ordinance to any person or circumstances is invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the other provisions or application of this Ordinance which can be given effect without the invalid or unconstitutional provision or application.

Section Six: Effective Date. This Ordinance, the Attachment, and the Zoning District Classification shall take effect after passage and publication as provided by law.

Public Notice of an Air Pollution Control Permit Application Review

Facility Description

We Energies-Paris Generating Station, located at 172nd Avenue, Union Grove, Kenosha County, Wisconsin, FID 230094810, submitted to the Wisconsin Department of Natural Resources (DNR) a permit application, including plans and specifications for an increase in the heat input capacity of a natural gas heater, increase in the component count for fugitive natural gas piping components, and decrease in the heat input capacity of fuel oil heaters at an existing electrical generation facility.

Air pollution control construction permit no. 26-PSD-057.

**FOR
INFORMATION ONLY**

Application Review

The DNR has prepared an analysis and made a preliminary determination that the application meets state and federal air pollution control requirements and that the permit may be approved. To view the permit application, the DNR's analysis, preliminary determination and draft permit, and other materials considered by the DNR use the [Air Permit Search](https://dnr.wisconsin.gov/topic/AirPermits/Search.html) (<https://dnr.wisconsin.gov/topic/AirPermits/Search.html>) or contact Dave Minkey at (920) 585-0277 or by e-mail at David.Minkey@wisconsin.gov.

For questions about the permit application or the DNR's analysis, preliminary determination and draft permit please contact the permit writer listed above.

The DNR is reviewing the permit application under the Prevention of Significant Deterioration (PSD) program (ch. NR 405, Wis. Adm. Code) for particulate matter, PM₁₀, PM_{2.5}, nitrogen oxides; carbon monoxide; volatile organic compounds, greenhouse gases and visible emissions. The proposed project and the existing facility will consume the following increments:

PM₁₀, 24-hr – 17.7 µg/m³ out of 30.0 µg/m³ (59.0%); PM₁₀, annual – 0.57 µg/m³ out of 17.0 µg/m³ (3.4%); NO₂, annual – 7.6 µg/m³ out of 25.0 µg/m³ (30.6%).

The department has made the determination under ch. NR 150, Wis. Adm. Code, that this type of proposal normally does not have the potential to cause significant adverse environmental or secondary effects.

A final environmental impact statement (FEIS) for the overall project was jointly prepared by the Public Service Commission of Wisconsin and the DNR. The FEIS for this project can be found at the Public Service Commission website at: <https://apps.psc.wi.gov/pages/viewdoc.htm?docid=527759>.

This is a preliminary determination and does not constitute a final approval from the Air Management Program or any other DNR programs which may also require a review of the project.

Public Comments

Interested persons wishing to submit written comments on the application or the DNR's review of it or wishing to request a public hearing should do so within 30 days of publication of this notice. Posting and Public Comment Deadline dates can also be found on the "[Air permit public notices](https://apps.dnr.wi.gov/warp_ext/public_notice.aspx)" webpage (https://apps.dnr.wi.gov/warp_ext/public_notice.aspx). Comments or request for hearing should be sent to Dave Minkey at David.Minkey@wisconsin.gov or to:

Wisconsin Department of Natural Resources
Bureau of Air Management
101 S. Webster Street
PO Box 7921
Madison, WI 53707-7921

Attn.: Dave Minkey.

If a hearing is requested, the requester shall indicate their interest in the permit and the reasons why a hearing is warranted.

The DNR will consider all comments received at the public hearing, if one is held, and prior to the close of the comment period prior to making a final decision regarding the proposed project. After the close of the public comment period, the DNR will make a final decision on whether to issue or deny the air pollution control permit. The DNR's website contains information on the public commenting and hearing process (<http://dnr.wi.gov/topic/AirPermits/Process.html>).

Reasonable accommodation, including the provision of informational material in an alternative format, will be provided upon request.

Notice: Any information, including personal or contact information, submitted to the DNR may be considered a public record. Records may be publicly disclosed either in paper form or electronically and could be searchable on the Internet.

**TOWN OF SOMERS
TOWN BOARD
WORK SESSION ITEM MEMORANDUM**

WORK SESSION: July 14, 2026

TO: Town Chair Molinaro and Town Supervisors

FROM: Jim Hurley, Administrator
Kevin Poirier, Assistant Administrator

AGENDA ITEM: #7 Administrator's Report

Below please find a bullet summary of major issues that Administration has worked on since our June 9th Town Board Meeting:

Development

- The Roers Development is scheduled for reconsideration by the Village Plan Commission on Monday, July 13th. At advice of the Village's legal counsel, they will reconsider adopting a resolution to recommend an amendment to the comprehensive plan, and rezone, certified survey map, exterior fenestration and site plan. A comprehensive plan amendment requires the Commission to adopt a resolution, and an ordinance by the Village Board. All other items are subject to Board approval.
- The Plan Commission approved the Comprehensive Plan Amendment, Preliminary Plat and Rezone for a new subdivision on Highway 195. Commissioners also reviewed a proposed assisted living facility just north of the Wisconsin Veterinary Referral Center on Green Bay Road.
- The Village met with representatives of Kwik Trip to discuss an expansion of their parking lot.
- The 12th Street water main was extended under the Canadian Pacific Railroad tracks. With the exception of roadway paving, the project has been completed.
- Staff met with Strands and Associates to discuss a draft of the Flood Study. Staff is working with Strand to finalize recommendations to be presented to the Stormwater Commission.

- Staff met with Partners in Design to go over a proposal for a multifamily building on the lakefront (745 Sheridan Rd.). The Village approved a similar project at that site in 2021, but the agreement was later voided at the request of the previous developer. Staff sent a pre-development agreement to Partners in Design.
- Staff met with the developer of the Eagle Chateau project (CTH E and CTH H H) to discuss the development agreement. We're working on the terms and requirements for stormwater improvements at the site.
- Truck County of Wisconsin submitted a formal application to annex into the Village. The item is scheduled for discussion, and possible action on 7/14. Staff and Truck Country continue to work on the development agreement.
- The Streets of Maplecrest received an early grading permit for the subdivision. They plan to submit an application for a model home. The process requires a conditional use permit. At the request of a neighboring property owner, the Department of Natural Resources will host a public hearing regarding their application for a wetland disturbance at the Village Hall on Wednesday, July 29th at 5:30 p.m.

Administration

- Staff continues to meet with the National Coalition and our Lobbyist. A new Bill was introduced in the Senate that includes 23 Municipalities. All Wisconsin municipalities (Somers, Franklin, Greenfield, Glendale, Caledonia, Rochester, Harrison and Mount Pleasant) were omitted from the new bill. The Village has a dashboard available on our website at this link: <https://www.somerswi.gov/zip-code/> .
- June 4, Root Pike WIN and volunteers planted native plants along the newly build scrapes at Gitzlaff Park. The project has helped retain more stormwater in the area.

- On June 8, the Village put in place a new phone tree to help residents reach the right person to answer their call.
- June 10, Village Staff sent out a newsletter. If you did not get it, you can sign up at the following link as well as see past newsletters: <https://www.somerswi.gov/newsletters/> Included was a survey of possible businesses that residents would like to see in Somers. That survey is available here: <https://survey.zohopublic.com/zs/3czZNu>
- On June 11, the Village was the site of another tornado touchdown. This second event caused more damage to structures and trees in the Village. Pubic Works crews cleaned up fallen trees from the roads to allow travel on Village roads.

- On June 12, volunteers from Journey Church dropped off pallettes of bottled water for residents. The storm caused a lot of power outages. Residents on wells would no longer have water service.

- The Village extended the drop off hours in the Yard Waste Drop-off Area, to allow residents to dispose of any fallen trees. Seven 30-yard dumpsters of brush was dropped off as a result of the weather event. It took about a week for Public Works employees to clean up the area. They used a forestry head to grind branches and logs and reduce volume and limit the cost of picking up the extra dumpsters.

- The sub-contractor of Lee Mechanical, Camosy, started work on the 12th Street Water Transfer station. The start date was delayed due to shipping backlogs of materials for the site. The project is scheduled to be completed before the end of the year.

- The Village met with an office supply vendor to discuss a replacement copier / printer.
- Village Staff met with representatives of Racine to discuss the area along Highway 195 that is served by Racine Utilities. A follow up meeting is scheduled at the end of July.

- Staff was able to cancel a bill with AT&T saving the Village \$300 every month.
- Staff met with a contractor to review audio/visual updates to the Fire Department Training room.
- Village staff is updating the capital improvement plan. Administration met with staff and discussed proposed changes. The plan is to present all items to the Village Board by the 7/21 work session, and request approval in August.
- Staff is working with SWRPC on an updated draft land use map. They are waiting for additional guidance on Wisconsin Act 173 (the “Truth in Planning” law) and changes to the comprehensive planning process. Particularly, the requirement for “phasing” changes.

**TOWN OF SOMERS
TOWN BOARD
MEETING ITEM MEMORANDUM**

MEETING DATE: July 14, 2026

TO: Town Chair Molinaro and Town Supervisors

PREPARED BY: Wendy Burnette - Clerk/Treasurer

AGENDA ITEM: #8 Action to approve operator licenses for Skyler Brown, Kimberly Cantrell, James Rogers, and Tianna Fitch

BACKGROUND:

Skyler Brown, Kimberly Cantrell, James Rogers, and Tianna Fitch have applied for operator's license for the Town of Somers. No discrepancies with application.

PRIOR ACTION TAKEN:

Background checks were performed, and no discrepancies were found.

SUGGESTED ACTION/ACTION REQUESTED/COMMENTS:

Staff recommends approval. In the event that the Town Board agrees with the recommendation to approve applications, a suggested motion would be as follows:

"Motion to approve Operator Licenses: Action to approve operator licenses for Skyler Brown, Kimberly Cantrell, James Rogers, and Tianna Fitch"

ATTACHMENTS:

None
